PROFILE

Tenured delivery driver with over a decade of experience in facilitating deliveries for retail and wholesale distribution centers across local and regional areas. Completed an Advanced Commercial Drivers Course and has been awarded Top Commercial Driver for the last five consecutive years at the organization.

EXPERIENCE

❖ **Delivery Driver, Solito's Fast Food** Jan 2018 – Jun 2019
Nampa

Presented with Safest Driver Badge 12 months in a row for not incurring traffic tickets or parking violations and achieving a 90% driver behavioral score via the insurance tracking app.

- Perform evening and late-night fast food deliveries in downtown urban areas
- Exhibit comprehensive knowledge of quickest and safest routes to use to deliver food orders on time
- Take cash payments and credit card payments from customers utilizing a point-of-sale mobile app
- Communicate with dispatch center and inform them of potential delays
- Responsible for basic maintenance and repairs and cleaning of delivery vehicles

❖ **Document Delivery Driver, Johnson's Legal & Solicitation Associates** Jan 2017 – Dec 2017
Memphis

Identified alternative delivery routes resulting in transport time reductions 20%.

- Deliver legal documents and forms to the courthouse and client premises
- Pick up registered letters and contracts from clients to transport back to the law firm
- Schedule own routes in accordance with time frames and locations where letters need to be delivered for the day
- Adhere to stringent confidentiality procedures ensuring the documents are delivered to the correct contact person
- Making sure all documents are stamped or receipt of delivery is signed to guarantee appropriate recordkeeping at all times

❖ **Medical Delivery Driver, Oraco Medical Center** Jun 2016 – Dec 2016
Springfield

Prioritized route drop offs based on location and traffic patterns which resulted in an increase of 40 medical sample deliveries per day.

- Responsible for pick up and drop off of organs with extremely sensitive time frame constraints
- Schedule own driving routes in accordance to peak traffic time frames often planning for up to three alternative routes in cases of emergencies
- Adhere to stringent confidentiality procedures blood samples and medical specimens are received and signed for by the appropriate contact person

- Complete ongoing Hazmat certification to guarantee sensitive medical samples are being handled appropriately

❖ **Cash-In-Transit Driver, G4QS Cash Transporters** Jun 2019 – Jun 2019
Boston

Suggested an amendment to delivery frequency from daily to bi-weekly deliveries which decreased fuel costs for the company by 30% and reduced delivery expenditure for clients by 15%.

- Responsible for transporting cash and valuables between banks, cash holding facilities and client premises
- Verifying orders and load and unload cash packages in secure areas at all times
- Follow strict route planning protocols and contact dispatch when route deviations are necessary
- Adhere to company safety procedures to ensure the security of valuables, fellow passengers and potential bystanders at all times
- Carry out vehicle 10 point safety check before departing for delivery
