PROFILE

Super creative Graphic Design Professional with over a decade of experience in ideating concept innovation in both online and offline design products for market disruptors in the publishing world. In-depth knowledge of end-to-end design processes from conceptualization to commercialization. Self-taught HTML guru with certified credentials in CSS and Wordpress.

EMPLOYMENT HISTORY

Lead Graphic Designer at Blue Byrd Advertising, Platzberg

January 2018 — Present

Coordinated with professional baseball leagues to design brand new merchandising for the Superbowl season which was then deployed and sold at over 1000 stores in various states.

- Act as the Design Lead in video production processes of corporate films and online presentations
- Approve all creative imaging to be used in company brochures and corporate identity materials
- Train junior designers on color correction, lighting, and editing of promotional videos
- Prepare detailed artwork and graphics from content and images provided by photographers, copywriters, and graphic artists
- Oversee the visual expression and continuity of clients' individual brands
- Negotiate service level agreements, time-frames, and pricing with prospective clients
- Pitch up to four proof of concept ideas per every design project
- Manage a creative team of designers, copywriters and animation specialists
- Overseeing projects from conception to execution ensuring adequate quality control measures are in place

Senior Graphic Designer at Encapsulate Insurance, San Diego

January 2015 — December 2017

Designed an innovative art-proofing system which increased production quality to almost 100% thereby increasing customer satisfaction reviews to 97.5%.

- Produce original graphic design work for online social media platforms
- Create brand images and visuals according to client specifications
- Take draft designs from interns and turn them into proof of concept proposals for final client approval
- Liaise with multiple stakeholders to generate new logos and branding items
- Design graphic art and promotional materials to be used at trade shows and exhibitions
- Integrate design work to be used in online and offline marketing campaigns for brand awareness activities
- Pitch design concepts and ideas to clients
- Facilitate multiple publishing projects and commission illustrators and photographers required to complete these undertakings
- Design trade-marks, leaflets, outdoor banners and logos for corporate gifts
- Provide graphical support for content writers to be used in blogs, vlogs, websites, and social media sites
