EMPLOYMENT HISTORY

❖ **Executive Search Recruiter, Reindeer Executive Search** Jul 2019 — Present
Jacksonville

Awarded "Top Recruitment Professional" after securing retained service level agreements with three premier investment banks resulting in annual revenue of 200k per client, significantly boosting the company's cash flow resources.

- Reach out, engage and secure candidates for developer and programmer roles
- Present job opportunities for passive and active candidates
- Review and screen applications in accordance with the open job orders
- Market and promote vacancies on social media platforms, via text and email blasts
- Conduct candidate interviews to compile a shortlist of maximum three suitable prospects per role
- Conduct briefing sessions to prepare candidates for interviews and assessments and debrief them afterward
- Build and maintain company database via the ATS system
- Hired approximately thirty-five technology professionals in a range of industry verticals.
- Compile job advertisements and post them onto job boards, career portals and the company's LinkedIn and Facebook pages as well as sharing job blurbs on Twitter and Instagram
- Conduct candidate feedback interviews for testimonial and referral purposes

❖ **Corporate Recruiter, AGS Stockbrokers** Jul 2015 — Jun 2017
Miami

Reduced average vacancy fill time from 65 days to 28 days by implementing intelligent response handling automation, which reduced screening and shortlisting times by 30%.

- Execute the company's recruiting process which includes candidate awareness, engagement activities, sourcing and networking, resume mining and database searching
- Responsible for partnering with divisional managers to create a resource plan, compile job specifications and analyze short and long-term hiring needs
- Liaise between field locations and corporate headquarters, providing guidance on interviewing and negotiation tactics in the interpretation of company policies and practices
- Administer tests, questionnaires, and skill assessments
- Recruit, source, select, and interview qualified candidates for midlevel and senior roles
- Review and evaluate applications for employment and requests for internal transfers, along with
- Conduct phone screens and sit in on final candidate interviews with hiring managers
- Present final offers of employment to successful incumbents and decline candidates that were unsuccessful

❖ **Junior Recruiter, AKA Staffing** Jan 2016 — May 2017
Orlando

Completed more than \$150k in placements during the first year as a Rookie Recruiter in the Healthcare Space.

- Calling on new clients to form relationships and receive vacancies from working on and passing them over to the Candidate Sourcer
- Cultivate relationships with client prospects and develop them into key accounts
- Engage in direct marketing efforts to promote the agency via cold calling, newsletter blasts, and social media engagement blogs
- Qualify job orders in terms of urgency to secure exclusivity with clients
- Present shortlisted candidates to the hiring manager, schedule interviews and facilitate offer negotiations
- Follow up on leads derived from calling activities, referrals and networking with clients at events and conferences
- Negotiate service level agreements for contingency and retained search projects
- Advise clients regarding industry trends and suggest recruitment strategies in accordance with changes in client business needs and requirements
- Conduct client interviews for testimonial and referral purposes
