EMPLOYMENT HISTORY

Executive Search Recruiter, Reindeer Executive Search

Jacksonville

Jul 2019 — Present

Awarded "Top Recruitment Professional" after securing retained service level agreements with three premier investment banks resulting in annual revenue of 200k per client, significantly boosting the company's cash flow resources.

- Reach out, engage and secure candidates for developer and programmer roles
- Present job opportunities for passive and active candidates
- Review and screen applications in accordance with the open job orders
- Market and promote vacancies on social media platforms, via text and email blasts
- Conduct candidate interviews to compile a shortlist of maximum three suitable prospects per role
- Conduct briefing sessions to prepare candidates for interviews and assessments and debrief them afterward
- Build and maintain company database via the ATS system
- Hired approximately thirty-five technology professionals in a range of industry verticals.
- Compile job advertisements and post them onto job boards, career portals and the company's LinkedIn and Facebook pages as well as sharing job blurbs on Twitter and Instagram
- Conduct candidate feedback interviews for testimonial and referral purposes

Corporate Recruiter, AGS Stockbrokers

Miami

Jul 2015 — Jun 2017

Reduced average vacancy fill time from 65 days to 28 days by implementing intelligent response handling automation, which reduced screening and shortlisting times by 30%.

- Execute the company's recruiting process which includes candidate awareness, engagement activities, sourcing and networking, resume mining and database searching
- Responsible for partnering with divisional managers to create a resource plan, compile job specifications and analyze short and long-term hiring needs
- Liaise between field locations and corporate headquarters, providing guidance on interviewing and negotiation tactics in the interpretation of company policies and practices
