

# HUGH NEWMAN

.NET Developer

## INFO

### ADDRESS

1515 Pacific Ave, Los Angeles, CA  
90291, United States

### PHONE

(541) 754-3010

### EMAIL

email@email.com

### PLACE OF BIRTH

San Antonio

### DRIVING LICENSE

Full

### NATIONALITY

American

## LINKS

[Facebook](#)

## SKILLS

NET languages (e.g. C#, Visual  
Basic .NET) and HTML5/CSS3

## PROFILE

*An experienced .NET Developer with a solid work tenure in a wide range of .NET development aspects for business applications. Highly adept in all development stages, from initial analysis through design, prototyping, implementation, and execution. Extensive coding experience using ASP.NET 2.0, VB.NET, HTML, and XML. Currently completing a Master's Degree in Software Development and Machine Learning.*

## EMPLOYMENT HISTORY

### .NET Developer, SGA Courier Services

Devonport

Jan 2019 — Present

*Implemented a smoothing functionality into a client CAD tool improving UX (User Experience) scores by 38%*

- Extracting core use cases from requirement specifications
- Building end to end applications by using entity framework coding workflow to build models
- Use ASP.NET Web API to build RESTful API's
- Creating visually appealing user interfaces with CSS
- Improve application usability and tweak security features on vulnerable software
- Create robust, clean, and maintainable code
- Refracting and use TFS to create code versions
- Implementing decoupled and clean architecture for applications
- Writing unit and integration tests and automate them
- Assisting in developing software solutions for mobile customers
- Developing, designing, testing, maintaining, and supporting web applications for clients

### .NET Developer, PNG Financial Services Group

Jackson

Jan 2016 — Dec 2018

*Achieved a 99% client satisfaction score for 20 maintenance projects completed on various .NET websites by utilizing ASP.NET MVC, jQuery, HTML, and CSS.*

Design & Architectural Patterns  
(e.g. Model-View-Controller  
(MVC))

Modules and Plug-ins.

C#, VB.NET, MVC

Inheritance, Generalization,  
Composition, and Dependency

OOP (Object Oriented  
Programming)

HTML, CSS, and Javascript,  
jQuery and Bootstrap

ASP.NET MVC

Model View Controller

Secure Web Applications

Database Application

Optimization

Analysis Troubleshooting

Client-side Web Development  
Technologies

Architecture Styles/APIs (REST,  
RPC)

Agile Methodologies

REST and RPC APIs

Demoing & Deploying

Testing and Debugging

Software Design & Version  
Control

Coding (Read, Write, Create)

Full-stack Development

- Analyzing customer requirements and create applications accordingly
- Evaluating and researching technologies and products related to software development
- Developing the activities and procedures required to create system architecture and user-end applications
- Use .Net web frameworks coupled with C# during development activities
- Use object-oriented programming for writing reusable libraries
- Designing various architectural patterns for each development project including concurrency patterns

## **.NET Developer, Coding Gurus**

Seattle

Jan 2012 — Dec 2015

*Created an iOS notes app that uses persistent data storage for archiving that received over 100k downloads in two weeks*

- Using Microsoft SQL Server and Windows Presentation Framework as per the project needs
- Creating database schemas that is representative and supportive of business processes
- Implementing automated testing platforms and unit tests
- Employing code versioning tools such as Git, SVN, and Mercurial
- Creating applications and n-tier systems that utilize extended features, including LINQ, Entity Framework, and generics to integrate object-oriented techniques and data-manipulation capabilities
- Creating applications and n-tier systems that utilize extended features, including LINQ, Entity Framework, and WebAPI/WCF to integrate object-oriented techniques and data-manipulation capabilities
- Creating data-driven web applications to promote TDD and generate control of UX and UI

## **EDUCATION**

### **Bachelor of Science in Software Engineering, Stratford University**

Millau

May 2018 — Jul 2020

Projects Completed:

Overhauled the university's alumni fundraising site with .NET, which boosted alumni use by 25%

Tutored ten fellow students in ASP.NET MV

### **Certified JavaScript, HTML5, and Microsoft Developer, Computer Learning Center**

Online

Jan 2017 — Jun 2017

## HOBBIES

---

MTB, Swimming, Running

## LANGUAGES

---

English

Russian

German

French

Italian

### **Certified Specialist in C# Development, Torque IT**

Jan 2016 — Jun 2016

Online

### **Certified Specialist in Visual Basic Development, Microsoft Academy**

Jan 2015 — Jun 2015

Online

### **in ASP.NET MVC Development with Visual Basic, New Horizons Training**

Jan 2012 — Nov 2012

Online
