## Profile

*Results-driven business consultant with 12+ years' experience managing operations, projects, and business services. Strong leadership skills capable of refining processes, improving productivity, and resolving critical business problems timeously. Broad experience directing multi-million business operations with full budget, financial, profit, and loss responsibility.*

## Employment History

### Business Consultant, Takealot, New York

January 2019 – January 2021

*Primary purpose is coaching and mentoring other team members, including Business Analysts, and managing a team of 5-7 business analysts to develop project deliverables.*

- Planned and executed a strategy for global CRM and created and ran customized CRM roadmaps.
- Gave consistent reporting on CRM performance to the leadership team and high-level executives.
- Trained leaders in change management basics.
- Aided with other management projects, including emergency preparedness projects.
- Ensure that technology solutions line up with business requirements and obey quality standards. This includes participation in developing test strategies and reviews as well as developing requirement management plans.

### Business Consultant, LinkedIn, Ohio

January 2017 – December 2018

*Working in a consultative position, providing "value-adding" insights by means of analysis, interpretation, and assistance. Ensure that technology solutions line up with business requirements and obey quality standards.*

- Managed implementation projects forward as an individual or as part of a consulting team.
- Business analysis & planning as well as Process analysis & design.
- Ensure that technology solutions line up with business requirements and obey quality standards. This includes participation in developing test strategies and reviews as well as developing requirement management plans.

- Developing tools and reporting from contract databases that help drive decision-making for business partners and management.

## **Education**
