PROFILE

Task-driven and disciplined Production Worker/Operator with eight years' hands-on experience in parts assembly with auto mechanical equipment. Has a successful track record of attaining a 97% product feeding score for the last 29 weeks. Knowledgeable at adhering to OSHA workplace safety regulations and attained a Certified Mechanical Technician as well as Certified Welder qualifications in the last eight months.

EMPLOYMENT HISTORY

Production Worker, Black Geese Trading

Knoxville

Jan 2021 — Present

Responsible to operate production equipment as outlined in work instructions using judgment to correct problems, with authority to stop production when equipment, safety or product quality is at risk.

- Assist supervisors in auditing workstations to ensure SOPS are being followed.
- Oversee the daily department production activities and facilitate departmental workflow.
- Utilizing precision cutting, lathing and PLC machinery and programming machines with Micro-View.

Production Worker, Kaufman

Oklahoma City

May 2019 — Nov 2020

Responsible to move and store product filled containers and raw materials to proper storage areas and carry out forklift operations/inspections in a 500sqm manufacturing facility.

- Take adjustments to manage the ink distribution.
- Make recommendations and assist in designing and manufacturing racks and fixtures used in painting processes in addition to areas for improvement.
- Assist with rework on assemblies and/or systems as a result of testing.
- Operate variety of injection molding and extrusion (plastics) machines for die and paint manufacturing processes
