Profile

Task-driven and disciplined Production Worker/Operator with eight years' hands-on experience in parts assembly with auto mechanical equipment. Has a successful track record of attaining a 97% product feeding score for the last 29 weeks. Knowledgeable at adhering to OSHA workplace safety regulations and attained a Certified Mechanical Technician as well as Certified Welder qualifications in the last eight months.

Employment History

Production Worker, Black Geese Trading, Knoxville

January 2021 — Present

Responsible to operate production equipment as outlined in work instructions using judgment to correct problems, with authority to stop production when equipment, safety or product quality is at risk.

- Assist supervisors in auditing workstations to ensure SOPS are being followed.
- Oversee the daily department production activities and facilitate departmental workflow.
- Utilizing precision cutting, lathing and PLC machinery and programming machines with Micro-Vue.

Production Worker, Kaufman, Oklahoma City

May 2019 — November 2020

Responsible to move and store product filled containers and raw materials to proper storage areas and carry out forklift operations/inspections in a 500sqm manufacturing facility.

- Take adjustments to manage the ink distribution.
- Make recommendations and assist in designing and manufacturing racks and fixtures used in painting processes in addition to areas for improvement.
- Assist with rework on assemblies and/or systems as a result of testing.
- Operate variety of injection molding and extrusion (plastics) machines for die and paint manufacturing processes

Education

ISA Certified Automation Professional (CAP), The International Society of Automation, Triangle Park

January 2021 – January 2021

Certified Production Technician (CPT), Manufacturing Skill Standards Council, Alexandria

January 2019 – March 2019

2018 – Certified Production Technician (CPT), Manufacturing Skill Standards Council, Alexandria, VA.

Heavy Equipment Certification, National Center for Construction Education and Research, San Bernardino

January 2018 – November 2020

- Courses Completed: Motor Graders, Excavators and Tractors, Introduction to Blueprints, Heavy Equipment Safety, Basic Operational Techniques.

Achievements

- Attained a 100% safety score with zero incidents occurring, even during peak production times for the last 12 months.
- Part of the production line scoring 99% quality standards with minimal products being flagged as defected by the quality control department and still exceeding production targets by 120%.
- Holds a 100% attendance record, and a 95% quality score and a zero-incident safety rating, thereby attaining Production Worker/Operator of the Year for all ten plants in the region.
