Profile

Expert Fashion Designer with 11+ years' experience in women's high-end shoes. Launched product lines for Chanel and Gucci. Designs showcased in Elle and Vogue. Attained recognition of top seller fashionista in 2017.

Employment History

Jan 2017 — Jul 2021

Senior Fashion Designer at Escada

Milan

Functioned as the lead designer for the 2019 women's winter collection team and supervised seasonal conceptualization and design of women's accessories, which included belts and bags.

- Designed attractive fashion items that coincided with the brand's look.
- Ran the whole product design process, from primary market research, mood board development to sketching and design to producing the finished product.
- Contributed to the conceptual development of directional product lines, which included delivering original concept pitches.
- Supervised technical designs of all products from concept design to manufacturing, including trim and fabric selection, meeting and choosing from vendors, etc.

Jan 2014 — Dec 2018

Associate Fashion Designer at Dior Homme

New York

Produced commercial designs reflecting the abstract direction and business strategy of the company.

- Created seasonal products which focused on style, fabric, and fit.
- Leveraged processes to predict customers' needs in order to surpass customer expectations and react punctually to their requirements.
- Developed and upheld effective relations with eight vital partners.
- Worked together and followed up with vendors regarding deliverables and main partners throughout the whole design process, including preproduction, merchandising, and product development.
